Business Resilience Adaptive Capacity Indicator – “Innovation & Creativity”

ThinkGRC

Resilience Indicator Overview

Resilience Indicators

Based on prior organizational resilience research, three overarching categories emerged:

- Leadership & Culture
- Change Ready
- Networks

On the following slides, each category is presented along with the underlying resilience indicators which make up that category.

Business Resilience Indicator – Innovation & Creativity

This business resilience indicator measures the degree in which their staff are encouraged and rewarded for using their knowledge in novel ways to solve new and existing problems, and for utilising innovative and creative approaches to developing solutions.

The questions which ThinkGRC asks businesses to quantify the *Innovation & Creativity* business resilience indicator are as follows:

To what extent do you agree or disagree with the following statements for your organization?
Strongly Agree, Agree, Disagree, Strongly Disagree, Don't Know

Staff are actively encouraged to challenge and develop themselves through their work

We are known for our ability to use knowledge in novel ways

Staff are rewarded for “thinking outside of the box”
