Business Resilience Adaptive Capacity Indicator – “Staff Engagement”

ThinkGRC

Resilience Indicator Overview

Resilience Indicators

Based on prior organizational resilience research, three overarching categories emerged:

- Leadership & Culture
- Change Ready
- Networks

On the following slides, each category is presented along with the underlying resilience indicators which make up that category.

Business Resilience Indicator – Staff Engagement

This business resilience indicator measures the degree in which the engagement and involvement of staff who understand the link between their own work, the organization's resilience, and its long term success. Staff are empowered and use their skills to solve problems, is in place.

The questions which ThinkGRC asks businesses to quantify the *Staff Engagement* business resilience indicator are as follows:

To what extent do you agree or disagree with the following statements for your organization?
Strongly Agree, Agree, Disagree, Strongly Disagree, Don't Know

People in our organization feel responsible for the organization's effectiveness

People in our organization "own" a problem until it is resolved
