# Resilience Indicator Overview

## Resilience Indicators

Based on prior organizational resilience research, three overarching categories emerged:

- Leadership & Culture
- Change Ready
- Networks

On the following slides, each category is presented along with the underlying resilience indicators which make up that category.

# Business Resilience Indicator – Unity of Purpose

---

This business resilience indicator measures the degree in which an organization wide awareness of what the organization's priorities would be following a crisis, clearly defined at the organization level, as well as an understanding of the organization's minimum operating requirements.

The questions which ThinkGRC asks businesses to quantify the *Unity of Purpose* business resilience indicator are as follows:

To what extent do you agree or disagree with the following statements for your organization?  
Strongly Agree, Agree, Disagree, Strongly Disagree, Don't Know

*We have clearly defined priorities for what is important during and after a crisis*

*Our priorities for recovery would be sufficient to provide direction for staff in a crisis*
