# Resilience Indicator Overview

## Resilience Indicators

Based on prior organizational resilience research, three overarching categories emerged:

- Leadership & Culture
- Change Ready
- Networks

On the following slides, each category is presented along with the underlying resilience indicators which make up that category.

# Business Resilience Indicators - Planning

---

**Unity of Purpose:** An organization wide awareness of what the organization's priorities would be following a crisis, clearly defined at the organization level, as well as an understanding of the organization's minimum operating requirements.

**Proactive Posture:** A strategic and behavioural readiness to respond to early warning signals of change in the organization's internal and external environment before they escalate into crisis.

**Planning Strategies:** The development and evaluation of plans and strategies to manage vulnerabilities in relation to the business environment and its stakeholders.

**Stress Testing Plans:** The participation of staff in simulations or scenarios designed to practice response arrangements and validate plans.

# Take the Business Resilience Index Survey

---

- Complete the *Business Resilience Index Tool*© now!
  - It should only take about 5-10 minutes.
  - At the end you will be presented with your Business Resiliency Index score.
  - This score will rank the maturity of your Business Resiliency Program.
  - [Learn more](#) and contact [ThinkGRC](#) for ideas on how to improve your score.
- **Take the Survey now!**
